Axel Schoenert founded the Franco-German agency Axel Schoenert architectes with Zsofia Varnagy, interior designer, in 1999, in Paris. With a multicultural team, the agency develops its activities in France and worldwide, in the fields of architecture, interior architecture, design and furniture design. Its priority is to promote an eclectic vision of its work, to focus on project diversity and to develop an expertise in new built construction as well as complex refurbishment. This expertise is applied to all types of programs and to all scales: offices, hotels, restaurants, spas, housing, public office buildings and cultural facilities.

Among its recent projects stand out the refurbishment of the ESH business Center near the Champs-Élysées, the MOST, the City hall of Puteaux (Laureate for ArchiDesignClub Awards), the headquarters of SEPHORA world, the flagship of WeWork, France. Enhancing its expertise in hotel

programs, Axel Schoenert architectes specializes in boutique hotels – Hôtel Gabriel, first Parisian detox boutique hotel – as well as in larger scale hotels, such as Hôtel Beauchamps, Paris-Vélizy Hotel or Hôtel Paris Gare de l'Est and under construction, the first 25Hours hotel in France at the Gare du Nord, Paris.

With those the agency has found itself at the center of urban revival. Arts establishments and restaurants feature strongly amongst the agency's Parisian developments and internationally such as a luxurious boutique hotel THE ROCK in Ibiza, the first MEININGER hotel in France and the SHIFT project with MEAG and SPACES.
