**ASAA GIVES A NEW BREATH TO THE FIRST  
FRENCH FILM LIBRARY, LA CINEMATHÈQUE  
FRANÇAISE.**

**7 AVENUE DE MESSINE - CBD PARIS 8**

ICADE entrusted us with the complete renovation of the building, which offers now a flexible surface area of 2 200 m<sup>2</sup>.

The aesthetic is one of the main aspects in building's renovation process.

The personality of the place is sublimated.

The renovation offers a space optimization, where flexibility and comfort stick together and fit right in.

In the 50s, the French film library was inaugurated there. The famous movement La Nouvelle Vague welcomes then very important personalities such as François Truffaut, Jean-Luc Godart, Jacques Rivette and Suzanne Schiffman.

Today, the building keeps the added value of its past. The interior design makes one of the icons from this prosperous time come back to life and keep the avant-garde spirit through its contemporary furniture.

ASAA considers various environmental values and reduces as much as possible the emissions of its buildings. It aligns with the existing standards such as use of recyclable materials, installation of a LED lighting system or settling a centralized technical network.
